

Dry Goods are perhaps lower now than at any time during the last 25 years.

New subscribers are coming in rapidly, and old ones are paying as well as they can.

Wonder if the Knoxville Age is still published? We have not seen a copy of that paper for many weeks.

Mr. S. T. Shipley who has been selling goods in the Flag Pond district, Unicoi County, has returned to Jonesboro.

There will be a Missionary Meeting at the M. E. Church, on Sunday, April 9th, at 3 P. M. The different Sunday Schools in town and the citizens generally are respectfully invited to attend.

We call attention to the card of C. A. Mathes in this week's paper. Sheriff Mathes will, no doubt make a good race for re-election. He is a clever gentleman and quite competent to fill the office.

"All the Devils in the Herald and Tribune office, aided by a few from Platonic regions could not induce the Editor to approach us with a stick."—Journal.

That's so. We always did oppose cruelty to animals.

Capt. J. Q. A. Remine, of Greene County, who is a candidate for State Senator, passed through town last Saturday on his way home from Johnson County. John had something good in his saddle pockets, but we are not going to tell what it was.

The peaches are not all killed yet. It is said when they bloom in the "dark of the moon" there is no danger of the cold weather killing them. We never believed in this sign, but the evidence before us now is "mighty strong" on the moon's side.

A lady subscriber to the HERALD AND TRIBUNE has recently secured a club of ten subscribers for us, and she informs us that she is now making up another club of the same number, and will soon have it completed. We feel gratified for such favors, and wish we had such an agent at each post-office in East Tennessee.

The new roof on the Baptist Church is completed, and we understand that services will be held in that Church at night the remainder of this week and perhaps next week. Rev. Dr. Mays, of Knoxville, is expected to conduct the services. We understand he is an excellent preacher. The public generally is invited to attend the series of meetings.

Mr. Editor:—Please announce in your paper that on Thursday, April 6, 1876, at Greenville, Tennessee, a board of examiners will be convened, before which all candidates for the cadetship at the Military Academy at West Point will be required to appear and pass a competitive examination.

Respectfully,
WM. McFARLAND,
Washington, D. C., March 20th, 1876.

A young lady after making some purchases at one of our stores the other day was about to leave when our bachelor friend of the yard stick and reins, remarked: "Miss—I have something nice in striped stockings which I would like to show you." "No, I thank you, Mr. S. I have something nice in striped stockings myself," replied the young lady as she tripped out of the store, elevating her dress, and exhibiting a dainty ankle encased in stripes, a sight that sent a current of electricity down that bachelor's back, from the effects of which he will not recover for many weeks.

County Court.
The County Court next Monday will be one of importance and it is necessary for all the Magistrates in the county to be present. The Court will have to elect a Coroner, and to levy the tax for 1876.

Public Debate at Bell's School House.
There will be a public discussion of the following proposition on Saturday April 7th, 1876.

Resolved. That flesh washing is an ordinance of the Church. Rev. A. J. Vines, Disqual. Affirms. Rev. E. D. Silver, Baptist, Denies.

Killed at a Log Rolling.
Mr. Asley Morgan of the Crab Orchard district, Carter County was killed at a log rolling on the farm of Mr. Chambers, one day last week. It seems the men were working on a hill side and that one of the hands above Mr. Morgan started a log to roll and before he could get out of the way, it rolled over him, breaking his thigh bone and injuring him otherwise from which he died the following night.

Benefit of M. E. Church.
On Monday night next, April 3rd, a very pleasing and enjoyable Exhibition will be given (in the above named Church) entitled a "Trip around the world," consisting of Scriptural Illustrations, Bible Views, Life of Christ, Views in Italy, Land, The old and new world, and miscellaneous views comprising points of interest in Europe and the United States. To those who admire the truly grand and beautiful in nature as well as art, this will be an occasion of rare attraction. From numerous favorable press notices elsewhere, we learn that the entertainment is first-class in every particular, and the object in view alone, should guarantee the most liberal patronage.

Keep it Before the People.
That the Journal, the Democratic organ for this county, is opposed to poor men holding office.

Uncle George Kinney.
This worthy old gentleman who has been a citizen of our town for several years, has moved to Greenville. Every body liked uncle George, and we are sorry to give him up to Greenville.

Public Lecture.
S. A. Bovell will deliver his lecture entitled "Babylon and her Counterpart" at the following times and places, Embreeville, Friday March 31st, Bethesda, Wednesday April 3rd, Washington College Friday 7th. Commence at 7 P. M.

Dr. Willcox.
The card of this gentleman who has recently located at Washington College appears in to-day's paper. The Doctor is well recommended by the physicians of Elizabethton, where he studied his profession. He is a moral and upright gentleman, a close student, and possesses that energy necessary for all young practitioners to secure an active business.

Dr. Nat. E. Hyder of Carter County called to see us last Tuesday. The Doctor is a clever gentleman and a warm friend of the HERALD AND TRIBUNE.

Mr. E. V. Easley, Proprietor of Easley's Springs favored us with a call last Tuesday. Mr. Easley is anxious to sell his valuable property and will give a bargain to some gentleman who can pay cash for his property.

Telford Manufacturing Company.
The stockholders of the above company are hereby notified and respectfully requested to pay on or before the 1st day of May next, ten per cent. of their subscribed stock. J. K. Hancher of Sullivan County, Geo. P. Crouch of Carter, John M. Morrow of Washington, Ephraim Link of Greene and H. B. Clay of Hawkins, are duly authorized to receive and receipt for any and all moneys paid in on this call.

J. HAMILTON,
Pres. Telford Mfg Co.

March 17, 1876.

TO THE FRIENDS OF THE ABOVE ENTERPRISE

Owing to serious illness in the family of the President and protracted sickness and death in the family of the Vice President, the business has failed to receive the proper attention. But the work on the manufactory has been commenced and is now in progress. About \$300 worth of labor has been expended. A race 600 feet in length is finished, and the foundation wall of a building, 47 by 60 feet is about completed. The wall is a good one and the work is all well done. Some heavy timbers and lumber have been prepared for the building and contracts for the carpenter's and machinists' work have been effected.

A prompt response to the above call will give an impetus to the advancement of the enterprise and insure success. Respectfully,
J. HAMILTON, Pres.

Brickers Items.

A private school opened at Chucky Vale last week.

One of the citizens of Brickers is the owner of a blind horse of which an interesting incident is related, which is as follows: One evening the owner had been wagging with his sightless beast, and reaching the residence of a neighbor, stepped his horse, got out of the wagon, and went into the house, leaving his animal unattended. The horse at last, feeling sensations of hunger, started homeward with the wagon which was loaded.

The owner after staying for sometime in the house came out, but what was his astonishment at finding horse and wagon both gone. He started up the road at full speed, expecting to see his wagon lying in a fence corner, or broken down in one of the gutters with which the lane abounded. We do not wonder then that he was astonished as well as surprised to find that his horse had safely arrived at the gate with the wagon unharmed.

Mr. J. F. Anderson has built a store at Chucky Vale, and employed a young gentleman to take charge of it for the present. We learn that some young ladies have been imposing on him by taking chicken feathers, woolen rags, &c., to exchange for goods.

Two trees were blown up near the residence of Mr. John Tucker which fell on the house, causing great damages, but fortunately the family made a most miraculous escape.

Mr. J. R. Chase closed his school at Laurel Hill, Friday last. The exercises were quite creditable to both pupils and teacher.

INCORRIGIBLE.
Bricker's Republic, March 21st, 1876.

H. A. D.
Since the excitement caused throughout the country by the society known in the newspapers as "K. K. K.," people have looked upon all such signs with distrust, and hence it is that we are often asked what the mystical letters H. A. D. mean. We would say don't be alarmed, for they simply mean that the celebrated Dr. Hart has added one more remedy, the best of all to his list and H. A. D. means simply Hart's Antibilious Discovery for indigestion, liver complaints, &c., &c.

These are not flush times, and patched trousers, and turned garments, are the really consistent and natural result. Economical, home-made dresses are now the rule rather than the exception, and serve to show not only the great popular drift, but also the very important part which "Domestic Paper Fashions" sustain in the economy of the household.

Xantippe.
It seems that the memory of this woman, like that of her renowned husband is likely to be kept alive to the end of time. She is said to have possessed a very irritable temper, and her name has become a synonym of "wixen," or "scold." It is more than possible, however that the judgment passed upon her by mankind has been too severe. A more charitable disposition would undoubtedly have discovered in her many good qualities, and have attributed her failings more to physical infirmities than to moral obliquity. The party most intimately acquainted with her and therefore best able to form a correct opinion gives her credit for many domestic virtues. It is now well known that many of the diseases to which women are subject, have a direct tendency to render them irritable, peevish, cross, morose, unreasonable, so that they chafe and fret over all those little ills and annoyances that a person in health would bear with composure. It is fair to infer that most of the tantrums of Xantippe were due to these causes alone; and could Socrates, as he returned from the Senate, the Gynnasium or the Athenaeum, have stopped at Pestle & Mortar's Drug Store and carried home a bottle of Dr. Pierce's Favorite Prescription now and then, no doubt he might have evaded many a "curtain lecture," allayed many a "domestic broil," made it much pleasanter for the children and more enjoyable for himself and rescued his wife's name from the unenviable, world-wide, and eternal notoriety it has attained. Thousands of women bless the day on which Dr. Pierce's Favorite Prescription was first made known to them. A single bottle often gives delicate and suffering women more relief than months of treatment from their family physician. In all those derangements causing backache, dragging-down sensations, nervous and general debility, it is a sovereign remedy. Its soothing and healing properties render it of the utmost value to ladies suffering from internal fever, congestion, inflammation or ulceration and its strengthening effects tend to correct displacements of internal parts, the result of weakness of natural supports. It is sold by all druggists.

Wonderful Success.
Three years ago Dr. BOSCHER'S GR-MAN SYRUP was introduced in the United States from Germany for the cure of Coughs, Severe Colds settled on the Breast, Consumption and other diseases of the Throat and Lungs. No medicine ever had such a success. 300,000 Sample Bottles have been distributed every year for three years by Druggists in all parts of the United States, and nearly 100 letters from Druggists now on our files saying that no other preparation in their stores ever gave such excellent satisfaction. All we ask is for you to go to your Druggist JOHN S. MATHES, and get a Sample Bottle for 19 cents and try it. Regular size 75 cents.
